A stroke of genius

After a stroke, Rick found it difficult to manipulate the straps and bungees required to hold a luggage bag onto the Tour-Pak luggage rack. He told his son Shane to buy him "one of those quick snap on type tour bags." But they soon found that there was no such thing. This led the two of them on a quest to design and make one for Rick's use.

After a lot of designing, redesigning, many prototypes, and over 25,000 test miles, a workable, quick attach solution was developed. Strong, Durable, Secure and no nuisance straps or bungee cords, the RickRak not only helped Rick with the tour bag attachment, but Rick and Shane found it solves even more problems. Broken straps, lost straps, or loose straps that become paint slappers are now a thing of the past. Included with the RickRak is a lockable system which deters theft of your tour bag.

With both Rick and Shane living in North Carolina, the RickRak is made right here in the USA in Concord, NC.

RRR

RICKRAK PERFORMANCE

RickRak Performance (RRP) isn't about bolt-ons for the sake of noise—it's about unlocking the full potential of your Harley. From precision-engineered camshafts and free-flowing exhausts to optimized air intakes and intelligent fuel management, every RRP component is designed to work together for real, usable horsepower and torque. Built for riders who demand harder pulls, cleaner throttle response, and rock-solid reliability, RRP delivers performance you can feel every time you crack the throttle—and hear every time you roll on.

Replacement Liners available at rickrak.com

TOUR-PAK TRAVEL LUGGAGE

Our new RickRak® Tour-Pak Travel Suitcases are the real thing. This is not just a thin "liner", but real functioning suitcases with YKK zippers that zip all the way open, instead of just the top like the cheap Harley liners. Take them out of your bike and put them in your hotel dresser with the top open and folded back and live out of them. No more reaching your hand into your liner from the top "fishing for socks" at the bottom. For the full size Tour-Pak, two suitcases will fit. This way you can have his/hers suitcases or put the frequently used items in the top suitcase. The Chopped and Razor Tour-Paks will only need one.

SOLD EACH — PRICE: \$39.95

RICKRAK SADDLEBAG TRAVEL LUGGAGE

SUREKLIK

SUREKLIK SADDLEBAG SAFETY BOLT KIT

Fits 1985 and newer Harley-Davidson® bikes with hard saddlebags. **SET OF 4 INCLUDED.**

How secure are your saddlebags? If you've heard about saddlebags falling off or stolen, this has truly happened! 2016 and prior Harley models use a vulnerable attachment system. They have been known to simply fall off, and can be very easily popped off your bike with a screwdriver. If it's already happened to you, you know all about it, if it hasn't — DON'T LET IT!
